AN IMPORTANT MESSAGE FROM UNITED LODGE 66

Working Families Are Under Attack

IT'S TIME TO FIGHT BACK

For 30 years, America's workers have endured job outsourcing, falling pay, benefit cuts and more. Now that hard times have hit, it's even more painful. Many of us are losing our homes. Many are losing hope.

But now some politicians in our state legislature want to make it even worse. They're coming at us with attacks on our jobs, our paychecks and our unions.

We've sacrificed enough. It's time to fight back against the corporate politicians who want to strip away our livelihoods. If we don't stop them now, they'll take the shirts right off our backs!
